

MAC Price List

Effective immediately pharmacists can access a complete list of the Maximum Allowable Cost (MAC) drugs and prices used by the fee for service pharmacy benefits programs administered by the Department of Community Health (Medicaid, Children's Special Health Care Services, Adult Benefits Waiver 1, Maternal Outpatient Medical Services, and Elder Prescription Insurance Coverage) for background information. The list is available as a compressed (ZIP) file at the web site www.mac-manager.com, can be downloaded, and will be updated monthly. **Please note the terms and conditions for accessing this list; the prices quoted on the complete list are only for general reference.**

MAC prices can change on a daily basis. Pharmacists can access the current MAC price for a particular drug(s) by National Drug Code, GCN or GSN, using the same web site by following the instructions from the screen. In order to access either the complete MAC list, or to look up the current MAC price on drug(s), the pharmacist will need to log in with a valid National Association of Boards of Pharmacy (NABP) number.
